

APPLICATIONS

The Training Center is open for applications on the **"First & Third Tuesday"** of each month, from **8:00 am to 11:00 am**. An applicant is required to read our "Standards" and fill out an application in person, at the office. Please allow at least one hour for completing the application. A \$25.00 application fee must be received in order to process your application. You may apply to one or more of the apprenticeship programs.

Interviews will be conducted on an "as needed" basis. A new list of eligible applicants will be compiled after each interview session.

STEPS IN THE INTERVIEW PROCESS

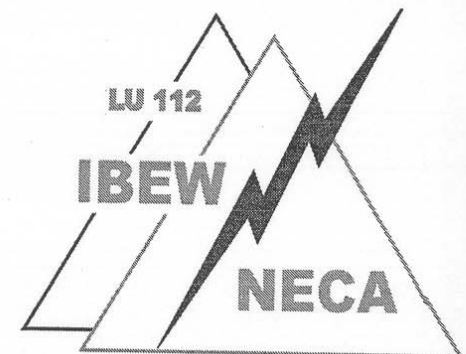

- Complete the application file within 30 days of the application date. The documentation needed to complete your application may be mailed to the Training Center office.
- Take the NJATC Aptitude Test, as scheduled by this office, and receive a "qualifying" score.
- The interview will be conducted by the **Joint Apprenticeship Training Committee**.
- Upon completion of the interview, a score is given to each applicant. You will remain on the eligibility list for a period of two years.

MINIMUM QUALIFICATIONS All Programs:

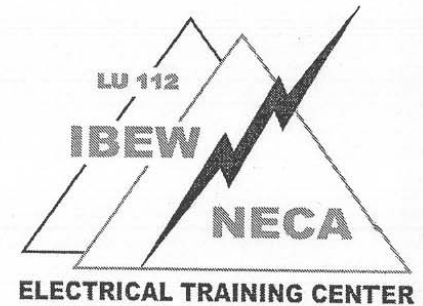

- **AGE:** Minimum of 18 years of age.
- **EDUCATION:** High school graduate or have a GED with a minimum of 250 points. In lieu of a high school diploma or GED, have a two year associate degree or higher.
- **Math:** Must have completed one year of high school algebra, integrated math 2, or equivalent post—high school algebra course(s) with a C or better, or submit equivalent math placement test scores.
- **Physical:** Applicants selected must be capable of performing the work of the electrical construction trade.
- **Testing:** Applicants must qualify for interview by obtaining a qualifying score, using the electrical trade's aptitude test developed and validated by the American Institute for Research.
- **Other:** Applicants shall submit to the Training Center office the following information within 30 days of application:
 - a. **"Sealed"** high school transcript and proof of qualifying grade in algebra.
 - b. Birth certificate or reliable documentation on date of birth.
 - c. Discharge papers-DD214 (If applicable)
 - d. Valid drivers license

Your Future Starts Here!

Life is about choices. The decisions you make now will affect the rest of your life. Consider a career in the electrical construction industry: High wages, great benefits, interesting and challenging working environments, and good advancement opportunities can all be yours.

How to get started? Begin with the best electrical training available, from the International Brotherhood of Electrical Workers & National Electrical Contractors Association. When you train with the IBEW-NECA team, you're making an investment in your future.
